SUBJECT LISTING

Prepared by James A. G. Krupp

Artificial Intelligence

HELMS, Marilyn M., DILEEPAN, Parthasarati, and ETTKIN, Lawrence P., "Expert Systems for Managing Operations," 1Q, pp. 24-28.

Continuous Flow Manufacturing

GAITHER, Norman, FRAZIER, Gregory V., and WEI, Jerry C., "From Job Shops to Manufacturing Cells," 4Q, pp. 33-37.

Curricula/Education/Academic Interface

SOHAL, Amrik S. and OAKLAND, John S., "Teaching Production and Operations Management through Participative Methods," 3Q, pp. 30-34.
TUNC, Enar A. and GUPTA, Jatinder N. D., "Computer Competency Needs of POM Students: Practitioners' Viewpoints," 3Q, pp. 74-78.

Distribution/Logistics/Warehousing

HAMERS, Ralph, HEUTS, Ruud, VAN GERVEN, Maarten-Jan, SELEN, Willem, and VAN CLEEMPUT, Tom, "Efficient Materials Handling of Component Parts," 1Q, pp. 66-70.
MILLER, Bruce L., "An Analysis of Shipping Performance Measurements," 1Q, pp. 13-16.

Electronic Data Interchange

CARTER, Joseph R. and FREDENDALL, Lawrence D., "The Dollars and Sense of Electronic Data Interchange," 2Q, pp. 22-26.

Financial/Accounting Interfaces

HARRIS, Ellen, "The Impact of JIT Production on Product Costing Information Systems," 1Q, pp. 44-48.
MILTENBURG, G. J., "Changing MRP's Costing Procedures to Suit JIT," 2Q, pp. 77-83.
SON, Young K., "A Performance Measurement Method which Remedies the 'Productivity Paradox' ", 2Q, pp. 38-43.

Forecasting

THEISE, Eric S., "A Spreadsheet for Preparing Forecasts with Winters' Method," 2Q, pp. 3-9.

General Management

DISCENZA, Richard and GURNEY, Brian, "New Considerations for Evaluating Capital Equipment Purchases," 2Q, pp. 33-37.
EVANS, James R., "Quality Improvement and Creative Problem Solving," 4Q, pp. 29-32.
GROVES, Brenton R., "The Missing Element in MRP—People," 4Q, pp. 60-64.
JOSHI, Kailash, "Coordination in Modern and JIT Manufacturing: A Computer-based Approach," 2Q, pp. 53-57.
LANDIS, Gary A. and RHYNE, David M., "A Multicriteria Approach to Site Selection for Manufacturing Systems Implementation," 1Q, pp. 19-23.
